

# 2018 PMAK FALL MEETINGS

## Your PMAK Education & Safety Committee Presents: "Industry Update" "What's happening in Kansas?"

Industry Updates will include:

- What's happening in Kansas and around the country?
- "Truckers Against Trafficking" Review for CDL Requirement
- Meter Creep Test Review as found in CETP 2.2 Basic Bobtail Delivery
- Remote Control Requirement Review as found in CETP 2.2 Basic Bobtail Delivery

CETP Refresher Certificates will be earned by attendees which meets the KSFM Training Requirement.

Plan to attend one of these informational district meetings by signing up today! Managers, drivers, service techs and office personnel will benefit by attending. Industry Updates will make you aware of ever-changing operations of your association and how the industry is fairing across the state.
